# SUBJECT INDEX

ADHESIVENESS
Coagglutination and indirect hemagglutination in the detection of an excreted immunologically active substance from *Leishmania*, 245
Adherence of mycoplasmas to cells and inert surfaces: phenomena, experimental models and possible mechanisms, 586
Attachment of mycoplasmas to erythrocytes: a model to study mycoplasma attachment to the epithelium of the host respiratory tract, 589
Adherence and colonization of *Mycoplasma pulmonis* to genital epithelium and spermatozoa in rats, 593
Mycoplasmal adherence with particular reference to the pathogenicity of *Mycoplasma pulmonis*, 599
AMNIOTIC FLUID
Intrinsic fluorescence of the amniotic fluid, 266
ANEMIA
Fatal aplastic anemia due to indomethacin—lymphocyte transformation test *in vitro*, 433
ANEURYSM
Spontaneous rupture of an abdominal aortic aneurysm into the inferior vena cava, 426
ANTIDIURETIC HORMONE SECRETION
Syndrome of inappropriate antidiuretic hormone secretion in newborn infants with respiratory problems, 1009
ANUS
Anal stretching after obstetrical and gynecological surgery (PSC), 709
ARTERIOVENOUS FISTULA
An improved technique for arteriovenous fistula construction for hemodialysis, 457
ARTHRITIS
Arthritis in Whipple's disease, 445
Arthritis of rats and mice: implications for man, 608
Mycoplasmal arthritis in man, 616
Mycoplasma-induced arthritis in poultry, 622
Mycoplasma-induced arthritis in farm animals, 626
ASPIRATION
Fine-needle aspiration biopsy of mediastinal masses. A new approach to diagnosis, 49
The decisive role of fine-needle aspiration cytology in the preoperative work-up of breast cancer, 899

BLEEDING
Multiple arterial occlusions in a hemophilic patient, 286
Definition of the population at risk of bleeding due to Factor XI deficiency in Ashkenazic Jews and the value of activated partial thromboplastin time in its detection, 413
BONE
Osteoid osteoma presenting as an osteocartilaginous exostosis (PSC), 380
Effect of 1α-hydroxycholecalciferol on bone mass and composition of cortical bone in adult male rats, 416
Congenital hyperparathyroidism and rickets: secondary to maternal hypoparathyroidism and vitamin D deficiency, 705
Infrared spectroscopy and magnesium content of bone mineral in osteoporotic women, 1123
BREAST CANCER
Epidemiology of breast cancer. Preventive aspects, 804
Epidemiological review of breast cancer in Israel, 810
Male breast cancer in Israel: selected epidemiological aspects, 816
The Israel Cancer Association's National Program for the Early Detection of Breast Cancer, 822
The Early Breast Cancer Detection Program of the Israel Cancer Association: a retrospective evaluation, 827
Purposes and goals of breast self-examination, 839
The gynecologist and breast cancer, 843
Physical methods in breast cancer diagnosis, 847
Breast pattern as a risk for development of cancer, 854
Microprocessor-assisted screening techniques, 859
Markers in breast cancer, 865
Immune complex-like materials in sera of patients with breast cancer: detection by complement-consumption assay, 869
Serum transcobalamin II levels in breast carcinoma patients, 874
Suppressor cell activity of ferritin-bearing lymphocytes in patients with breast cancer, 879
Breast cancer in Israel. Histopathologic types in different population groups, 882
The pathologic basis for breast cancer management, 888
Minimal breast cancer, 893
The decisive role of fine needle aspiration cytology in the preoperative work-up of breast cancer, 899
Rational and cost-effective management of the patient with a solid breast lump, 905
New concepts in the treatment of breast cancer, 911
Recent progress in multimodal therapy for resectable breast cancer, 916
Primary radiation therapy in the treatment of early breast cancer, 922
Conservative treatment of breast cancer of limited extent. Results of a randomized trial, 928
Changing concepts in treating early breast cancer. An overview, 932
Principles of surgical management of breast cancer, 936
Treatment of locally advanced breast carcinoma with high-dose external beam supervoltage radiotherapy, 940
First, second and third line chemotherapy programs in metastatic breast carcinoma, 946
Molecular basis of steroid hormone action in breast cancer and its clinical implications, 954
Hormonal receptors and response to treatment of

breast cancer: a retrospective evaluation in 60 patients, 960
Maintenance of prolactin receptors in human breast cancer, 965
Peroxidase activity as a marker for estrogenicity: studies in uterus and mammary tumors, 970
Characterization of the response of a human breast carcinoma cell line (T-47D) to radiation and chemotherapeutic agents, 976
Breast reconstruction after mastectomy, 980
Yad L'hakhlama (Reach to Recovery) in Israel, 984
Coping mechanisms of postmastectomy women. A group experience, 988
Family relationships of the mastectomy patient: interactions with the spouse and children, 993
The patient's right to be involved in the decision on treatment, 997

BREAST DISEASE
Carcinoembryonic-like substance in breast fluid discharge in benign and malignant breast disease and in milk of lactating women, 1035

BROMHEXINE
Effect of prolonged bromhexine therapy on Sjögren's syndrome, 403

CARTILAGE
A simple technique for demonstrating joint cartilage and synovium of mice (PSC), 1085

CELIAC DISEASE
Immunogenetics of childhood celiac disease: the association with HLA DR3 and DR7 in unrelated patients and multiply affected families, 1041

CELL CULTURES
Mycoplasma infections of cell cultures, 555
Mycoplasma detection—an obligation to scientific accuracy, 563
Eliminating mycoplasmas from contaminated cell cultures, 569

CENTRAL NERVOUS SYSTEM
Fatal neonatal central nervous system infection caused by *Citrobacter diversus*, 370

CESAREAN SECTION
Epidural morphine for the control of pain after cesarean section, 331

CHEMOTHERAPY
Chemotherapy of human mycoplasma diseases, 656
Antibiotic sensitivity patterns in field isolates of *Mycoplasma gallisepticum* as a guide to chemotherapy, 661
First, second and third line chemotherapy programs in metastatic breast carcinoma, 946

CHOROID
Myopathy in hyperornithinemic gyrate atrophy of choroid and retina, 271

CIMETIDINE
Effect of oral cimetidine on plasma prolactin (PSC), 1183

CIRCUMCISION
Complications arising from ritual circumcision, pathogenesis and possible prevention, 45

*CITROBACTER DIVERSUS*
Fatal neonatal central nervous system infection caused by *Citrobacter diversus*, 370

COMMUNITY HEALTH AIDES
Where does primary care begin? The health facilitator as a central figure in primary care, 100
Community diagnosis: its uses in the training of community health workers and in primary health care in East Africa, 129
Distance learning for primary health care, 184

COMMUNITY HEALTH SERVICES
Introduction: Community-focused health care, 65
The community medicine—primary care connection, 86
Organization of local health services: A case study, 112
Evaluation of a community program for the control of cardiovascular risk factors: The CHAD program in Jerusalem, 201
Validation study on medical recording practices in primary care clinics, 213

COPING MECHANISMS
Coping mechanisms of postmastectomy women. A group experience, 988

CORTICOSTEROID THERAPY
Norwegian scabies following topical corticosteroid therapy, 1165

CYSTIC FIBROSIS
Heat inactivation of plasma hydrolases as a means of discriminating between the genotypes in cystic fibrosis: the experience in Israel, 687

CYSTOSARCOMA PHYLLODES
Cystosarcoma phyllodes, 895

CYTOLOGY
The decisive role of fine needle aspiration cytology in the preoperative work-up of breast cancer, 899

DAPSONE
Dapsone-induced methemoglobinemia and hemolysis in the presence of familial hemoglobinopathy Hasharon and familial methemoglobin reductase deficiency, 703

DIABETES
Comparison of sulphonylurea and insulin treatment on lipid levels in maturity onset diabetic men and women, 384
Urine and serum leucine aminopeptidase, *N*-acetyl-$\beta$-glucosaminadase and $\gamma$-glutamine transpeptidase activities in diabetics with and without nephropathy, 422

DIARRHEA
Review: prostaglandins in diarrheal states, 1109

DIMETHYL SULFOXIDE
Dimethyl sulfoxide in experimental atherosclerosis of the rabbit (PSC), 289

DIOCTYL SODIUM SULFOSUCCINATE
Effect of dioctyl sodium sulfosuccinate on cyclic AMP and prostaglandin $E_2$ contents, and Na,K-ATPase, adenylate cyclase and phosphodiesterase activities in rat intestine, 28

DUST
Occupational exposure to dust containing free silica in a ceramics factory, 277

EARLY DETECTION
The Israel Cancer Association's National Program for the Early Detection of Breast Cancer, 822
The Early Breast Cancer Detection Program of the Israel Cancer Association: a retrospective evaluation, 827
ELECTRON MICROSCOPY
Electron microscopic studies in lipid storage disease, 323
ENCEPHALITIS
West Nile fever encephalitis, 1057
ENZYMES
Effect of dioctyl sodium sulfosuccinate on cyclic AMP and prostaglandin $E_2$ contents, and Na,K-ATPase, adenylate cyclase and phosphodiesterase activities in rat intestine, 28
Urine and serum leucine aminopeptidase, *N*-acetyl-$\beta$-glucosaminidase and $\gamma$-glutamine transpeptidase activities in diabetics with and without nephropathy, 422
EPIDEMIOLOGY
Epidemiology in health policy, 80
Epidemiology and primary health care, 92
Prevalence of selected health characteristics of women and comparisons with men. A community health survey in Jerusalem, 145
Epidemiology of breast cancer. Preventive aspects, 804
Epidemiological review of breast cancer in Israel, 810
ERYTHROCYTES
Outward pressure within erythrocytes, 36
ESTROGENICITY
Peroxidase activity as a marker for estrogenicity: studies in uterus and mammary tumors, 970
EVOKED POTENTIALS
Evoked potentials in the operating room: three examples using three sensory modalities, 460

FACTOR XI DEFICIENCY
Definition of the population at risk of bleeding due to Factor XI deficiency in Ashkenazic Jews and the value of activated partial thromboplastin time in its detection, 413
FAMILY THERAPY
Family relationships of the mastectomy patient: interactions with the spouse and children, 993
FASCIOLIASIS
Human fascioliasis in Israel. An imported case, 430
FATTY ACIDS
Patterns of glucose intolerance and free fatty acid behavior in viral hepatitis, 12
Review: nutritional effects of $\omega$3-polyunsaturated fatty acids, 223
FETUS
Fetal heart rate patterns and scalp blood pH as predictors of fetal distress, 260
Establishment of a fetoscopy and fetal blood sampling program in Israel, 352
Fetal monitoring in labor by radiotelemetry, 1079

GALLIUM-67
Early diagnosis of infective spondylitis with gallium-67, 451
GANGLIOSIDES
Multiple sclerosis-like disease induced in rabbits by immunization with brain gangliosides (PSC), 711
GASTROENTEROLOGY
Plasma gastrin levels in rats during the estrous cycle (PSC), 1073
Parietal cell estimation in estrogen-treated rats (PSC), 1077
GERONTOLOGY
Inadequate status and impaired metabolism of vitamin D in the elderly, 19
Health status and use of health services as reported by the older residents of the Baka neighborhood, Jerusalem, 138
GLUCOCORTICOIDS
Patterns in unit firing in the mediobasal hypothalamus during iontophoretic application of glucocorticoids (PSC), 1185
GLUCOSE
Patterns of glucose intolerance and free fatty acid behavior in viral hepatitis, 12
Relation between maternal and fetal blood glucose levels in experimental intrauterine growth retardation (PSC), 378
GROWTH RETARDATION
Relation between maternal and fetal blood glucose levels in experimental intrauterine growth retardation (PSC), 378
GYNECOLOGY
Anal stretching after obstetrical and gynecological surgery (PSC), 709
The gynecologist and breast cancer, 843

HEALTH POLICY
Epidemiology in health policy, 80
HEALTH SERVICES
The modern crisis in health services—professional concerns and the public interest, 71
Differences in use of emergency room and hospitalization in relation to primary care pediatric services, 119
Health status and use of health services as reported by the older residents of the Baka neighborhood, Jerusalem, 138
HEALTH SERVICES PLANNING
Community diagnosis: its uses in the training of community health workers and in primary health care in East Africa, 129
Morbidity recording in primary medical care and its use for community diagnosis, 160
Applications of health care research to child health services: a problematic relationship, 192
HEALTH SURVEYS
Prevalence of selected health characteristics of women and comparisons with men. A community health survey in Jerusalem, 145

Morbidity recording in primary medical care and its use for community diagnosis, 160
Shuval automated problem-oriented record: an off-line record for a primary care clinic, 170
Applications of health care research to child health services: a problematic relationship, 192
HEART
Editorial: Myocardial protection during open heart surgery, 1
Uniform myocardial protection by cold potassium-induced cardioplagia for coronary artery bypass, 3
Protective effect of hydrocortisone on the myocardium during anoxic arrest, 8
Evaluation of a community program for the control of cardiovascular risk factors: The CHAD program in Jerusalem, 201
Infections in vascular operations, 257
Dimethyl sulfoxide in experimental atherosclerosis of the rabbit (PSC), 289
Selective screening for occult renal diseases and hypertension (PSC), 292
Two-year survival of patients with ventricular ectopic beats classified according to site of origin of ectopic beats (PSC), 297
Risk factors for coronary artery disease in patients with acute myocardial infarction. Effects of age, sex and ethnicity, 309
High density lipoprotein and arteriosclerosis. Different patterns in primary hypothyroidism and type IIa hyperlipoproteinemia, 318
Electron microscopic studies in lipid storage disease, 323
Evoked potentials in the operating room: three examples using three sensory modalities (PSC), 460
Mechanical effects of the respiratory system on cardiocirculatory function, 715
Lipoprotein profiles in a heterogeneous group of patients with nephrotic syndrome, 1001
Regional ejection fraction of the normal left ventricle, 1027
Mitral valve prolapse in osteogenesis imperfecta (PSC), 1087
Neurocirculatory asthenia and mitral valve prolapse—two unrelated entities?, 1137
Echocardiographic diagnosis of left anterior descending coronary artery disease and left ventricular asynergy, 1141
Relationship between systolic time interval measurements and the extent of regional ventricular asynergy in coronary artery disease, 1149
HEMOCHROMATOSIS
Hypophyseal gonadotropin insufficiency in a young woman with idiopathic hemochromatosis, 359
HEMODIALYSIS
Six-year experience with bovine arterial graft for hemodialysis, 335
An improved technique for arteriovenous fistula construction for hemodialysis (PSC), 457
HEMOGLOBINOPATHIES
Dapsone-induced methemoglobinemia and hemolysis in the presence of familial hemoglobinopathy Hasharon and familial methemoglobin reductase deficiency, 703
HEMOPHILIA
Multiple arterial occlusions in a hemophilic patient, 286
HEMORRHAGE
Definition of the population at risk of bleeding due to Factor XI deficiency in Ashkenazic Jews and the value of activated partial thromboplastin time in its detection, 413
Hypovolemic shock at birth due to extensive feto-maternal hemorrhage, 441
HENOCH-SCHÖNLEIN SYNDROME
Henoch-Schönlein syndrome—paucity of renal disease. Review of 71 children, 41
HEPARIN
Hypertransaminasemia with subcutaneous heparin therapy, 1133
HEPATITIS
Patterns of glucose intolerance and free fatty acid behavior in viral hepatitis, 12
Study of 90 hepatitis B surface antigen carriers in Israel, 407
HODGKIN'S DISEASE
Effect of levamisole thymic humoral factor and indomethacin on E-rosette formation of lymphocytes in Hodgkin's disease, 232
HORMONE RECEPTORS
Hormonal receptors and response to treatment of breast cancer: a retrospective evaluation in 60 patients, 960
HOSPITAL ADMISSIONS
Differences in use of emergency room and hospitalization in relation to primary care pediatric services, 119
Scoring newborns for the risk of subsequent hospital admissions: comparative findings in Jerusalem and Haifa, 399
HOSPITAL EMERGENCY SERVICES
Differences in use of emergency room and hospitalization in relation to primary care pediatric services, 119
HUMAN RIGHTS
The patient's right to be involved in the decision on treatment, 997
HYDROCORTISONE
Protective effect of hydrocortisone on the myocardium during anoxic arrest, 8
HYDROLASES
Heat inactivation of plasma hydrolases as a means of discriminating between the genotypes of cystic fibrosis: the experience in Israel, 687
HYPERALIMENTATION
Zinc deficiency during intravenous hyperalimentation, 1155
HYPERPARATHYROIDISM
Congenital hyperparathyroidism and rickets: secondary to maternal hypoparathyroidism and vitamin D deficiency, 705
HYPERTENSION
A company-instituted program to improve blood pres-

sure control in primary care, 122
Selective screening for occult renal diseases and hypertension (PSC), 292
Coexistence of pheochromocytoma and renal artery occlusion in a patient with malignant hypertension, 372
HYPERTRANSAMINASEMIA
Hypertransaminasemia with subcutaneous heparin therapy, 1133
HYPOPARATHYROIDISM
Idiopathic hypoparathyroidism in Israel (PSC), 53
Congenital hyperparathyroidism and rickets: secondary to maternal hypoparathyroidism and vitamin D deficiency, 705
HYPOTHALAMUS
Patterns in unit firing in the mediobasal hypothalamus during iontophoretic application of glucocorticoids (PSC), 1185
HYPOTHYROIDISM
Screening for neonatal hypothyroidism in Israel (PSC), 294
High density lipoprotein and arteriosclerosis. Different patterns in primary hypothyroidism and type IIa hyperlipoproteinemia, 318

INDOMETHACIN
Effect of levamisole thymic humoral factor and indomethacin on E-rosette formation of lymphocytes in Hodgkin's disease, 232
Fatal aplastic anemia due to indomethacin—lymphocyte transformation tests *in vitro*, 433
INDUSTRIAL MEDICINE
A company-instituted program to improve blood pressure control in primary care, 122
Occupational exposure to dust containing free silica in a ceramics factory, 277
INHIBIN
Presence of inhibin in testes of the Indian water buffalo *Bubalus bubalis*, 697
INTESTINE
Effect of dioctyl sodium sulfosuccinate on cyclic AMP and prostaglandin $E_2$ contents, and Na,K-ATPase, adenylate cyclase and phosphodiesterase activities in rat intestine, 28
IRON OVERLOAD
Continuous high-dose intravenous desferrioxamine treatment for iron overload, 348

KLINEFELTER'S SYNDROME
An unusual case of XXY Klinefelter's syndrome associated with cystic fibrosis (PSC), 1181

LABORATORY DIAGNOSIS
General principles of laboratory diagnosis of mycoplasma infections, 641
Laboratory diagnosis of *Mycoplasma pneumoniae* infections, 644
Recovery and identification of human genital tract mycoplasmas, 648
Laboratory diagnosis of animal mycoplasma infections, 654
LACTIC ACIDOSIS
Congenital lactic acidosis associated with pyruvate carboxylase deficiency, 1159
*LEISHMANIA*
Coagglutination of indirect hemagglutination in the detection of an excreted immunologically active substance from *Leishmania*, 245
LESCH-NYHAN SYNDROME
Lesch-Nyhan syndrome in an Arab family. Detection and biochemical manifestation of heterozygosity, 1169
LEUKEMIA
Decay of Moloney leukemia virus production after enucleation of chronically infected mouse cells, 690
Macrophage migration inhibition assay as a means of detecting lymphocyte sensitization to leukemic myeloblasts in neutropenic patients, 1119
LEVAMISOLE
Effect of levamisole thymic humoral factor and indomethacin on E-rosette formation of lymphocytes in Hodgkin's disease, 232
Effect of uremic serum on E-rosette formation of normal lymphocytes modulated by levamisole, 1115
LEVAN
Effect of high molecular levan on implantation and embryonic development in mice, 1127
LIFE CHANGE EVENTS
Israeli PERI life event scale: ratings of events by a community sample, 176
LIVER
Veno-occlusive disease and primary hepatic vein thrombosis in Israeli Arabs, 339
Enhanced renal clearance of uric acid in hepatic cirrhosis, 1015
LYMPHOCYTES
Effect of levamisole thymic humoral factor and indomethacin on E-rosette formation of lymphocytes in Hodgkin's disease, 232
Fatal aplastic anemia due to indomethacin—lymphocyte transformation tests *in vitro*, 433
Mycoplasma-lymphocyte interaction: IR gene control of mitogenesis and a paradoxical interaction with Thy-1 bearing cells, 628
Suppressor cell activity of ferritin-bearing lymphocytes in patients with breast cancer, 879
Effect of uremic serum on E-rosette formation of normal lymphocytes modulated by levamisole, 1115
Macrophage migration inhibition assay as a means of detecting lymphocyte sensitization to leukemic myeloblasts in neutropenic patients, 1119
LYMPHOGRAPHY
New oil-contrast media for small vessel lymphography (PSC), 375

MAGNESIUM
Infrared spectroscopy and magnesium content of bone mineral in osteoporotic women, 1123
MALABSORPTION
Antibiotic-responsive malabsorption: a tropical sprue-

like syndrome in countries with temperate climates, 367
MASTECTOMY
Coping mechanisms of postmastectomy women. A group experience, 988
Family relationships of the mastectomy patient: interactions with the spouse and children, 993
MEASLES VIRUS
A population screening test for antibody to measles virus, 1045
MEDIASTINAL MASSES
Fine-needle aspiration biopsy of mediastinal masses. A new approach to diagnosis, 49
MEDICAL RECORDS
Morbidity recording in primary medical care and its use for community diagnosis, 160
Shuval automated problem-oriented records: an off-line record for a primary care clinic, 170
Validation study on medical recording practices in primary care clinics, 213
MENINGITIS
"Culture-negative" meningitis: isolation of organisms in hypertonic medium (PSC), 383
METHEMOGLOBINEMIA
Dapsone-induced methemoglobinemia and hemolysis in the presence of familial hemoglobinopathy Hasharon and familial methemoglobin reductase deficiency, 703
MOLONEY VIRUS
Decay of Moloney leukemia virus production after enucleation of chronically infected mouse cells, 690
MOTOR VEHICLE CRASHES
Prevention of death and injury from motor vehicle crashes in Israel: swift cost-effective options in the 1980s, 1175
MULTIPLE SCLEROSIS
Multiple sclerosis-like disease induced in rabbits by immunization with brain gangliosides (PSC), 711
*MYCOBACTERIUM MARINUM*
Response in the hindfoot pad and popliteal lymph node of C57BL mice to infection with *Mycobacterium marinum*, 236
MYCOPLASMA INFECTIONS
*Mycoplasma pneumoniae* infections, 516
Urogenital mycoplasma infections of man: a review with observations on a recently discovered mycoplasma, 524
Mycoplasmosis in cattle, sheep and goats, 531
Observations on *Mycoplasma mycoides* subsp. *mycoides* infection in Saanen goats, 537
Mycoplasmosis in poultry, 540
Respiratory and genital mycoplasmosis of laboratory rodents: implications for biomedical research, 548
Mycoplasma infections of cell cultures, 555
Mycoplasma infections of plants, 572
Arthritis of rats and mice: implications for man, 608
Mycoplasmal arthritis in man, 616
Mycoplasma-induced arthritis in poultry, 622
Mycoplasma-induced arthritis in farm animals, 626
Mycoplasma host-cell interactions resulting in chronic inflammation: acquisition of host antigens and other mechanisms, 633
General principles of laboratory diagnosis of mycoplasma infections, 641
Laboratory diagnosis of *Mycoplasma pneumoniae* infections, 644
Laboratory diagnosis of animal mycoplasma infections, 654
Chemotherapy of human mycoplasma diseases, 656
Antigenic components used in vaccines and their possible role in protection, 667
Vaccination of chickens with nonpathogenic *Mycoplasma gallisepticum* as a means for displacement of pathogenic strains, 669
Control of *Mycoplasma pulmonis* infection in rats and mice: detection and elimination vs. vaccination, 674
Protective efficacy of *Mycoplasma pneumoniae* polysaccharides, 678
Hamster challenge potency assay for evaluation of *Mycoplasma pneumoniae* vaccines, 682
MYCOPLASMAS
Mycoplasmas: the smallest pathogenic procaryotes, 510
Mycoplasma infections of cell cultures, 555
Mycoplasma detection—an obligation to scientific accuracy, 563
Eliminating mycoplasmas from contaminated cell cultures, 569
Adherence of mycoplasmas to cells and inert surfaces: phenomena, experimental models and possible mechanisms, 586
Attachment of mycoplasmas to erythrocytes: a model to study mycoplasma attachment to the epithelium of the host respiratory tract, 589
Mycoplasmal toxins, 604
Mycoplasma-lymphocyte interaction: IR gene control of mitogenesis and a paradoxical interaction with Thy-1 bearing cells, 628
Mycoplasma host-cell interactions resulting in chronic inflammation: acquisition of host antigens and other mechanisms, 633
Phagocytosis and complement action, 637
Recovery and identification of human genital tract mycoplasmas, 648
MYOPATHY
Myopathy in hyperornithinemic gyrate atrophy of choroid and retina, 271

NEPHROTIC SYNDROME
Lipoprotein profiles in a heterogeneous group of patients with nephrotic syndrome, 1001
NEWBORNS
Screening for neonatal hypothyroidism in Israel, 294
Fatal neonatal central nervous system infection caused by *Citrobacter diversus*, 370
Scoring newborns for the risk of subsequent hospital admissions: comparative findings in Jerusalem and Haifa, 399
Hypovolemic shock at birth due to extensive feto-maternal hemorrhage, 441
Syndrome of inappropriate antidiuretic hormone secre-

tion in newborn infants with respiratory problems, 1009

OBSTETRICS
Fetal heart rate patterns and scalp blood pH as predictors of fetal distress, 260
Epidural morphine for the control of pain after cesarean section, 331
Establishment of a fetoscopy and fetal blood sampling program in Israel, 352
Medical, social and psychological aspects of quintuplet pregnancy and delivery, 355
Anal stretching after obstetrical and gynecological surgery (PSC), 709
OCCUPATIONAL DISEASES
Occupational exposure to dust containing free silica in a ceramics factory, 277
OSTEOID OSTEOMA
Osteoid osteoma presenting as an osteocartilaginous exostosis (PSC), 380
OSTEOPOROSIS
Infrared spectroscopy and magnesium content of bone mineral in osteoporotic women, 1123

PARATHYROID HORMONE
Effect of pindolol on blood parathyroid hormone concentration (PSC), 1189
PARIETAL CELLS
Parietal cell estimation in estrogen-treated rats (PSC), 1077
PEROXIDASE ACTIVITY
Peroxidase activity as a marker for estrogenicity: studies in uterus and mammary tumors, 970
PHAGOCYTOSIS
Phagocytosis and complement action, 637
PINDOLOL
Effect of pindolol on blood parathyroid hormone concentration (PSC), 1189
PITUITARY
Hypophyseal gonadotropin insufficiency in a young woman with idiopathic hemochromatosis, 359
POSITIVE PRESSURE VENTILATION
Adult respiratory distress syndrome treated with high-frequency positive pressure ventilation, 453
POULTRY DISEASES
Mycoplasmosis in poultry, 540
Vaccination of chickens with nonpathogenic *Mycoplasma gallisepticum* as a means for displacement of pathogenic strains, 669
PREECLAMPSIA
Immunological features of preeclampsia: increased frequency of antilymphocyte antibodies, but not of immune complexes, 1051
PRIMARY HEALTH CARE
The community medicine—primary care connection, 86
Epidemiology and primary health care, 92
Where does primary care begin? The health facilitator as a central figure in primary care, 100
Differences in use of emergency room and hospitalization in relation to primary care pediatric services, 119
A company-instituted program to improve blood pressure control in primary care, 122
Community diagnosis: its uses in the training of community health workers and in primary health care in East Africa, 129
Morbidity recording in primary medical care and its use for community diagnosis, 160
Shuval automated problem-oriented record: an off-line record for a primary care clinic, 170
Distance learning for primary health care, 184
Applications of health care research to child health services: a problematic relationship, 192
Validation study on medical recording practices in primary care clinics, 213
Multiphasic screening in middle age: results and implications of a controlled trial in British general practice, 215
PROLACTIN
Maintenance of prolactin receptors in human breast cancer, 965
Effect of oral cimetidine on plasma prolactin (PSC), 1183
PROSTAGLANDINS
Review: prostaglandins in diarrheal states, 1109
PYRUVATE CARBOXYLASE
Congenital lactic acidosis associated with pyruvate carboxylase deficiency, 1159

RADIOTHERAPY
Primary radiation therapy in the treatment of early breast cancer, 922
RECONSTRUCTION, BREAST
Breast reconstruction after mastectomy, 980
RENAL DISEASE
Henoch-Schönlein syndrome—paucity of renal disease. Review of 71 children, 41
Selective screening for occult renal diseases and hypertension (PSC), 292
Coexistence of pheochromocytoma and renal artery occlusion in a patient with malignant hypertension, 372
Dopamine in the early recovery phase of acute ischemic renal failure in rats (PSC), 1069
RESPIRATORY SYSTEM
Adult respiratory distress syndrome treated with high-frequency positive pressure ventilation, 453
Respiratory and genital mycoplasmosis of laboratory rodents: implications for biomedical research, 548
RETINA
Myopathy in hyperornithinemic gyrate atrophy of choroid and retina, 271
RICKETS
Congenital hyperparathyroidism and rickets: secondary to maternal hypoparathyroidism and vitamin D deficiency, 705

SACRUM
Sacral agenesis, 437

SCABIES
Norwegian scabies following topical corticosteroid therapy, 1165
SCIENTIFIC MEETINGS, ABSTRACTS OF PAPERS
Symposium on the Surgical Treatment of Degenerative Arthritis of the Hip: Present and Future, 2 to 3 April 1980, Haifa, 55
Annual Meeting of the Israel Diabetes Association, 7 December 1980, Jerusalem, 60
Annual Meeting of the Israel Society for Anatomical Sciences, 14 May 1980, Tel Aviv, 299
14th Scientific Meeting of the Israel Society for Electron Microscopy, 15 May 1980, Haifa, 304
47th Meeting of the Israel Physiological and Pharmacological Society, 2 November 1980, Beersheba, 388
Third Meeting of the Israel Society for Clinical Investigation, 19 November 1980, Tel-Hashomer, 396
Annual Meeting of the Israel Biochemical Society, 12 to 13 April 1981, Jerusalem, 465
II° International Congress of Andrology, 28 June to 2 July 1981, Tel Aviv, 722
Annual Congress of the Israel Society for Clinical Pediatrics, 26 June 1980, Shefayim, 1092
48th Meeting of the Israel Physiological and Pharmacological Society, 28 April 1981, Jerusalem, 1098
Annual Meeting of the Israel Society of Calcified Tissue Research, February 1981, Haifa, 1191
Annual Meeting of the Endocrine Society of Israel, 7 April 1981, Jerusalem, 1197
Annual Meeting of the Israel Society for Medical and Biological Engineering and the Israel Society for Medical Physics, 7 April 1981, Tel Aviv, 1202
Spring Meeting of the Israel Society for Clinical Investigation, 27 May 1981, Tel-Hashomer, 1210
SCORPION STING
Convulsions following a black scorpion (*Buthus judaicus*) sting (PSC), 1083
SCREENING
Multiphasic screening in middle age: results and implications of a controlled trial in British general practice, 215
Selective screening for occult renal diseases and hypertension (PSC), 292
Screening for neonatal hypothyroidism in Israel (PSC), 294
Microprocessor-assisted screening techniques, 859
SECONDARY HEALTH CARE
Diagnostic characteristics of patients referred to a secondary care military medical facility of the Israel Defense Forces, 1019
SELF-EXAMINATION
Purposes and goals of breast self-examination, 839
SERUM TRANSCOBALAMIN II
Serum transcobalamin II levels in breast carcinoma patients, 874
SEX
Preconception selection of sex in man, 1061
SHOCK
Hypovolemic shock at birth due to extensive feto-maternal hemorrhage, 441
SILICA
Occupational exposure to dust containing free silica in a ceramics factory, 277
SJÖGREN'S SYNDROME
Effect of prolonged bromhexine therapy on Sjögren's syndrome, 403
SPLEEN
Torsion of an accessory spleen simulating acute appendicitis (PSC), 458
SPONDYLITIS
Early diagnosis of infective spondylitis with gallium-67, 451
STEROIDS
Thrombotic thrombocytopenic purpura with a subacute course: remission after steroids and high-dose plasma exchange, 283
Molecular basis of steroid hormone action in breast cancer and its clinical implications, 954
SYNOVIUM
A simple technique for demonstrating joint cartilage and synovium of mice (PSC), 1085
TESTES
Presence of inhibin in testes of the Indian water buffalo *Bubalus bubalis*, 697
THALASSEMIA
Iron loading and endocrine functions in nontransfused patients with $\beta$-thalassemia intermedia or sickle-cell thalassemia, 22
THROMBOTIC THROMBOCYTOPENIC PURPURA
Thrombotic thrombocytopenic purpura with a subacute course: remission after steroids and high-dose plasma exchange, 283
THROMBOSIS
Veno-occlusive disease and primary hepatic vein thrombosis in Israeli Arabs, 339
THYMIC HUMORAL FACTOR
Effect of levamisole thymic humoral factor and indomethacin on E-rosette formation of lymphocytes in Hodgkin's disease, 232
THYROID
Latent carcinoma of thyroid in Israel: a study of 260 autopsies, 249
UREMIA
Effect of uremic serum on E-rosette formation of normal lymphocytes modulated by levamisole, 1115
URETERO-URETERAL ANASTOMOSIS
Histoacryl in sutureless uretero-ureteral anastomosis: an experimental study, 254
URIC ACID
Inborn hypouricemia due to isolated defect in renal tubular uric acid transport, 295
Enhanced renal clearance of uric acid in hepatic cirrhosis, 1015
UROGENITAL INFECTIONS
Urogenital mycoplasma infections of man: a review with observations on a recently discovered mycoplasma, 524
Respiratory and genital mycoplasmosis of laboratory rodents: implications for biomedical research, 548

Recovery and identification of human genital tract mycoplasmas, 648
UTERUS
Peroxidase activity as a marker for estrogenicity: studies in uterus and mammary tumors, 970

VACCINES
Antigenic components used in vaccines and their possible role in protection, 667
Vaccination of chickens with nonpathogenic *Mycoplasma gallisepticum* as a means for displacement of pathogenic strains, 669
Control of *Mycoplasma pulmonis* infection in rats and mice: detection and elimination vs. vaccination, 674
Protective efficacy of *Mycoplasma pneumoniae* polysaccharides, 678
Hamster challenge potency assay for evaluation of *Mycoplasma pneumoniae* vaccines, 682

VENTRICULAR ECTOPIC BEATS
Two-year survival of patients with ventricular ectopic beats classified according to site of origin of the ectopic beats (PSC), 297
VITAMIN D
Inadequate status and impaired metabolism of vitamin D in the elderly, 19
Effect of 1α-hydroxycholecalciferol on bone mass and composition of cortical bone in adult male rats, 416
Congenital hyperparathyroidism and rickets: secondary to maternal hypoparathyroidism and vitamin D deficiency, 705

YAD L'HAKHLAMA
Yad L'hakhlama (Reach to Recovery) in Israel, 984

ZINC
Zinc deficiency during intravenous hyperalimentation, 1155
